

Adiba Tahsin

CSE UNDERGRADUATE · FULL-STACK DEVELOPER · RESEARCH FELLOW · TECH EVENT ORGANISER

adiba0tahsin@gmail.com · +880 1882 083192 · linkedin.com/in/adiba-tahsin-985b452a2
github.com/Adi-Sin101 · Khulna, Bangladesh

PROFILE

Passionate final year Computer Science student at KUET specialising in full-stack web development, AI-assisted systems, and workflow automation. Experienced across PHP/MERN/FastAPI backends, Android, and React Native, with growing focus on building practical tools that streamline repeated tasks and improve decision-making. Recognised research contributor to a Netherlands Embassy-commissioned STEM impact study and active event organiser for TEDxKUET. Committed to building production-grade, maintainable software with automation-friendly design.

PROJECTS

Medora Next.js · FastAPI · Supabase · AI
github.com/CSE-3200-System-Project/Medora
Production-grade AI-native healthcare platform for Bangladesh — unifying patient records, verified doctor workflows, safety-first clinical AI, and OCR prescription parsing into one end-to-end digital care system. 26 route modules, 194 handlers, 41 SQLAlchemy models, role-based consent-aware access control.

CareerConnectDB PHP · MySQL
github.com/Adi-Sin101/CareerConnectDB
Career management & job portal with user auth, admin panel, CRUD operations, and data-driven dashboards for employers and job seekers.

Portfolio Website
HTML · CSS · JS · ASP.NET
github.com/Adi-Sin101/my-portfolio
Personal portfolio with integrated ASP.NET admin panel, responsive UI, and dynamic content management.

Campus Complaint App
React Native (Prototype)
Cross-platform prototype for campus complaint management — role-based dashboards, status tracking, push notifications.

Company Management System
C++ · OOP
github.com/Adi-Sin101/Company_Management_System
OOP-based company operations manager with data abstraction, file handling, and modular class design.

EmotionScript Compiler Flex · Bison · C
github.com/Adi-Sin101/EmotionScript-Complier-Project
Custom programming language compiler emphasising human-centric, emotional programming paradigms.

- Emotion-based keywords; types: count, measure, truth, words, emotion, level
- Control flow: if_feel, ruminate loops; functions via interpret/yields
- OOP via persona classes; trig & math operations built-in

SkillSwap MERN Stack
github.com/Adi-Sin101/webdev_skillswap
Campus skill-exchange platform — React, Tailwind, Express, Node.js & MongoDB with full CRUD and REST APIs.

PawPal Java · Firebase · Android
github.com/Adi-Sin101/PawPal_Android
Pet care & routine tracking Android app with Firebase backend, vet contacts, reminders, and user authentication.

Fitness Tracker C++ · OOP
github.com/Adi-Sin101/Fitness-Tracking-System
Calorie intake calculator, weight goal tracker, exercise suggester & BMI calculator. Demonstrates encapsulation and modular OOP design.

ParaBounce
Next.js · Projectile Motion Simulator
github.com/Kuet-Kobe-Khulbe/ParaBounce--Projectile-Motion-Simulation
Projectile motion simulator built with Next.js that visualises motion dynamics and interactive simulation behavior. Placed 2nd Runner-Up at the ILM AI Hackathon.

EDUCATION

B.Sc. in Computer Science & Engineering
Khulna University of Engineering & Technology (KUET)
Expected 2027 · CGPA: 3.37 / 4.00

Higher Secondary Certificate (HSC)
Khulna Govt. Girls' College, Khulna
2021 · GPA: 5.00 / 5.00

Secondary School Certificate (SSC)
Govt. Coronation Secondary Girls' School, Khulna
2019 · GPA: 5.00 / 5.00

TECHNICAL SKILLS

PHP · MySQL · React · Next.js · Node.js · Express.js · MongoDB · FastAPI · Supabase · ASP.NET · Java (Android) · Tailwind CSS · Firebase · Git & GitHub · Excel (Adv.) · C++ (OOP) · Flex / Bison · React Native · AI Automation · LLM Integration · API Integration · Workflow Design

TOOLS & ENVIRONMENT

VS Code · Figma · Postman · XAMPP · Chrome DevTools · Android Studio · Alembic · SQLAlchemy · GitHub Actions · AI Coding Assistants

SOFT SKILLS

Communication · Teamwork · Problem Solving · Time Management · Adaptability · Event Management · Content Creation · Process Thinking · Automation Mindset · Research & Analysis

LANGUAGES

Bengali — Native
English — Professional

ACHIEVEMENTS

- ★ 2nd Place / Runner-Up — ILM AI Hackathon (ParaBounce Projectile Motion Simulator)
- ★ 3rd Runner-Up — Case Crack 2.0 (KBEC)
- ★ 4th Place — Spark Fusion 2K21 (Hardware Design Competition)
- ★ Participant — Intra KUET Programming Contest (IKPC) 2K23

EXPERIENCE & LEADERSHIP

Software Engineer 2026 – Present
Logarithm Studio
Working on mobile app and JavaScript development, contributing to product features, UI implementation, and iterative delivery.

Joint Secretary 2024 – Present
KUET Business & Entrepreneurship Club (KBEC)
Leads operational planning for club events and workshops; coordinates logistics, communications, and member onboarding.

Campus Ambassador 2025 – Present
She-STEM @ KUET
Promotes female participation in STEM through event organisation, peer engagement, and institutional communications.

Co-organizer May 2026
TEDxKUET
Led end-to-end marketing campaigns and content strategy for the official event. Produced and hosted promotional social media reels, managed guest relations and speaker coordination, and designed the post-event audience questionnaire for structured feedback and impact assessment.

Research Fellow — SheSTEM Year 2 Impact Study 2025
Embassy of the Kingdom of the Netherlands (Commissioned Project)
Recognised for valuable contribution to a Netherlands Embassy-commissioned study. Compiled qualitative interview notes from student participants, capturing insights on STEM skills, confidence, and career interest.

Volunteer 2024
Hult Prize KUET 2024
Event coordination & logistics support across all stages of the competition.
